The Tilmon Lab in the Department of Entomology is currently seeking motivated students to assist with both field and laboratory tasks over the summer. All students will gain hands on applied research experience throughout the internship.

About Our Lab
Our lab is directed by Dr. Kelley Tilmon, Ohio State University’s field crop entomologist. The research interest of our lab is the ecology and management of insect pests in agronomic crops including corn and soybean. We are located in Thorne Hall on the OARDC campus (1680 Madison Ave., Wooster, OH).

Qualifications
✓ An interest in biology/entomology/plant science is preferred but not required
✓ Good attitude and strong work ethic.
✓ Willing to work outdoors in field conditions including hot weather and rain
✓ Willing to travel to research locations within Ohio.
✓ A valid driver’s license and currently enrolled as a student (must be 18 or older).
